December 2015

Dear friend of the Olympia FOR,

Big money corrupts elections, but the Olympia FOR has never been corrupted by big money. This is not only because we don't receive donations of that size, but – much more important – we are grounded in ethical principles, and we practice what we preach.

The Olympia FOR is committed to peace, nonviolence, social and economic justice, and the power of grassroots organizing.

- Our peace vigils lift up those values twice a week, every week, all year around.
- Our newsletters publicize our many activities and other organizations' activities on a range of important issues.
- Our website, www.olympiafor.org, informs people of our many activities and some of the issues we work on.
- Our television programs – for nearly 29 years– inform and inspire viewers with issues and voices rarely heard in mainstream media.
- We also arrange for people to watch past and present TV programs through our website, www.olympiafor.org.
- We are a local leader in working thoughtfully, skillfully and boldly to protect the climate.
- We have been working for decades to abolish the death penalty.
- We are a resource for people wanting information and resources and connections on a range of issues.
- People know they can count on the Olympia FOR to be principled and reliable – and frugal with their donations.

The government wastes money on wars and corruption for the 1%. The Olympia FOR uses donations wisely and effectively at the grassroots to empower people to change the system.

Since 1976 the Olympia FOR has helped our community recognize – and act upon – the linkages among peace, social justice, economic justice, and our deepest values.

Please help the Olympia FOR continue our vital work! Instead of charging dues, we rely on voluntary contributions and volunteer labor. We trust people to help in whatever ways they can – and this works!

The ongoing economic depression is hurting non-profit organizations, including the Olympia FOR. Some of our people are less able to contribute now, so if you can give a little more, please do.

Some people find that spreading their gifts out through a monthly or quarterly pledge allows them to achieve a yearly total that more generously expresses their support for the Olympia FOR's work.

Contributions to Olympia FOR are **tax-deductible** as allowed by law.

Thank you for helping!

Sincerely,

The Olympia FOR Steering Committee:
